It isn't easy to choose the kindest southern city, but Savannah is in the running. Their version of Southern hospitality will put you at ease, even if you're sweating your brains out in the heat of summer. Here are the best things to do to help you experience its genuine Southern charms.

10

You can't go anywhere in the South without getting excited about the food, right? The Olde Pink House is one of Savannah's most iconic places to eat. The restaurant—in a pink, pre-

Revolutionary mansion—is the perfect setting to relax after walking around the historic streets. You should come hungry for rich, southern fare and expect to leave full.

Every old city has its ghostly tales and haunted places (including the Olde Pink House), but Savannah claims to be one of the most haunted cities in the country. Visitors have reported mysterious experiences at several inns, house

museums, restaurants and squares in the daytime and at night. Taking a ghost tour with one of Savannah's excellent guides is a fun way to learn a little about Savannah's history, even if it also makes you lose a little sleep.

8

Savannah is best explored on foot. The slower pace and Spanish moss will help you relax and adapt to your surroundings. The European-meets-early American architecture of the

historic district is picture-perfect, and there is no shortage of peaceful squares where you can sit and watch the world go by. Be sure to take note of the unique fountains as well.

7

There's nothing better on a summer day (or any day) in Savannah than a house-made ice cream from the legendary Leopold's Ice Cream shop. Three brothers from Greece opened Leopold's more than 100 years ago,

and they use their original recipes today to make their ice creams. Stop in for a scoop in a cone or cup, topping a banana split or indulgent sundae, or blended into a malt or milkshake.

6

Mom-and-pop shops (like Leopold's) are still the norm in Savannah. There are many locally-owned restaurants and coffee shops all over the city, and thanks to the Savannah College of Art

and Design (SCAD), there's no shortage of shops selling locally-made items. You'll be able to find something truly unique to take home with you to remember your trip.

Fun fact: Savannah is home to the only museum in the United States dedicated to Prohibition. But this museum is anything but dry. Costumed guides around the museum are happy to answer questions and show you their

favorite exhibit items, so don't be afraid to ask. After checking out all the exciting ways people used to get their alcoholic fix, stop into their speakeasy for an adult beverage.

Art, history and architecture lovers will definitely want to spend a few hours here. Located in the 200-year-old Telfair Mansion, it's also home to one of the most iconic statues in America:

Bird Girl. The famed statue was moved from Bonaventure Cemetery to the Telfair Museum for safekeeping after the Midnight in the Garden of Good and Evil movie came out.

3

Almost every historic city has one thing in common: a waterway. A walk on Savannah's riverfront will take you along cobblestones, pass by the Waving Girl Statue, and have stunning

river views. This is also one of the most popular places for dinner, as there are several excellent restaurant options, often in repurposed, historic buildings

Savannah has seen a lot in its nearly 300-year history, and the historic homes have seen it all come and go. Whether you're looking for pre-Revolutionary, Civil War era, or 20th-century insight, you'll find a house museum to show you how people from that time lived.

Some tried-and-true favorites include the Owens-Thomas House & Slave Quarters, the Davenport House Museum and the Mercer-Williams House, of Midnight in the Garden of Good and Evil fame.

One of the most scenic, picturesque places in the United States is in the heart of Savannah. Forsyth Park is an iconic place to see locals and tourists

and a beautiful place for photos. The famous Forsyth Park Fountain has been a landmark here for more than 150 years.
